

WAR OVER MAYS GROWS BITTER

Charge Made that Pres. Ban Johnson is Interested in Cleveland Club

N. Y. CLUB OWNERS WILL RESORT TO LAW

Will Bring Injunction to Prevent Interference With Purchase of Mays

New York, Aug. 5.—The case of Carl Mays, pitcher, whose suspension by President Johnson after Mays had been traded by the Boston club to the New York Yankees bids fair to result in one of the bitterest wars of organized baseball, will not be settled by the American league club owners. President Johnson, who came to New York to preside at a meeting of the league called for today, announced that the special meeting would not be held. The owners of the Yankees, Colonel Jacob Ruppert and Lieut. Col. T. T. Houston, told Johnson that they would attend such a meeting and last night Colonel Houston stated he believed that President Johnson was interested in the Cleveland club, adding that "until this embargo is removed there can be no health in our league."

Harry Sparrow, business manager of the club, said that legal machinery had been put in motion to protect the club's rights. The preliminary move is expected to be in form of an application for an injunction against Johnson to prevent him from interfering with the New York club's property rights to Pitcher Mays. The owners of the Yankees, it is said, feel that the disciplinary action in Mays' case was especially severe, and cite the case of Ty Cobb in 1912 when the Detroit club players went on a strike because of Cobb's suspension. Cobb's offense was assaulting a spectator, and Mays' that of throwing a baseball at a roofer. The Cobb case was cleared up in two weeks, Cobb getting off with a ten days' suspension and a fine of \$50. In reinstating Cobb, Johnson declared full protection would be afforded to all American league players against abuse from spectators. Mays, it is said, feels that such protection was not afforded him and that he has a just grievance. H. H. Frazee, president of the Boston Red Sox, is here today to present his side of the trade, in which Mays became the property of the New York club.

JOBS THAT FIT Disabled Soldiers Training for Jobs That Will Bring Contentment

Washington, D. C., Aug. 5.—Disabled soldiers, sailors and marines, and the federal board for vocational education are looking for the job that satisfies not only because of the sufficient wage but because the nature of the work is suitable to the worker. That there are a wide variety of talents among the men who apply for training is indicated by the more than 200 different occupations chosen by them. Public speaking and road repairing, detective work, and window trimming, fish culture and theology appeal to different types, but they are all among the courses chosen.

One of the most popular of the monographs prepared by the federal board for vocational education for the presentation of trades and occupations suitable for disabled soldiers is the one recently issued on the practice of optometry. The brief period of training, as compared to that required in other professions, the demand for optometrists and the pleasant and helpful nature of the work commend it to disabled soldiers who possess the educational background required for the course.

Many industries depend to a certain extent upon metal working either directly or indirectly. Disabled soldiers realizing this have chosen this course and 318 are preparing for some one of the metal trades. The high cost of shoes persuades many people to repair the old ones—and 25 are preparing for shoemakers and repairers; 88 re-educated soldiers will soon be ready to do their part on the new houses to be erected in response to the "Own your own home" campaign, and 283 disabled men will soon be fitted to tinker with the automobiles of their towns.

Thousands of these returning soldiers are qualifying for employment—some in your line of work—watch for your opportunity to help him get a job. A recent magazine offers this advice to the would-be employer: "If you haven't a job for the applying returned soldier, give him a minute or so of your time to encourage him. He gave you months of his time to make your job safe."

DOWN WITH MORMONISM! British Government Urged to Suppress Growing Evil

London, Aug. 5.—The British government is being urged by the London Anti-Mormon society to suppress the growing evil of Mormonism in the United Kingdom. The center of Mormonism in Great Britain is South Tottenham, from where four hundred converts, chiefly women, have been collected and sent to Utah. Detectives have been employed and they claim to have gathered evidence which will put fiction to blush.

WHEAT CROP WILL BE LESS THAN ESTIMATE

Says Senator Gronna—Wheat Being Sold Above the Government Guarantee. Say Others in Senate Debate on H. C. L.

Washington, D. C., Aug. 5.—Discussion of the high cost of living was resumed in the Senate yesterday immediately after the session opened. Chairman Gronna of the agriculture committee announced that he had called a committee meeting to-day to discuss measures to reduce the cost of living. Relation of the price of wheat to the cost of living was debated by several senators. Mr. Gronna denied that the government's wheat price guarantee causes undue prices for bread. He was supported by Senators Kellogg and Nelson, Republicans, of Minnesota, who said wheat was being sold far above the government's guarantee at the principal terminals.

The three senators predicted that this year's crop would be lower than government estimates. Senator Gronna saying it would be 650,000,000 bushels and not 1,350,000,000, as forecast by the department of agriculture. Senator Gronna declared that the packers and all dealers in food products "never made higher profits" than they did under the food administration's licensing plan during the war. Senator Kirby, Democrat, of Arkansas, asked if the government grain corporation was not now manipulating prices. "What is this man Barnes doing?" he asked. "Mr. Barnes has been criticized in all the wheat states," Senator Gronna answered. "For bearing down the price. He has made every possible effort to reduce prices."

BUDAPEST IS BELEAGUERED

Hungarian Troops of Szegedin Government Closing In on the City

JUGO-SLAV FORCES ARE COMING NEARER

And Rumanian Troops Are Already in the Capital of Hungary

Berlin, Monday, Aug. 4 (By the Associated Press).—Troops of the Szegedin government of Hungary have advanced to within 25 miles of Budapest and expect to reach that city to-night, and Jugo-Slav forces are also advancing upon Budapest, according to a Vienna dispatch received here. It is stated that the Rumanians have captured many communist leaders at the Hungarian capital.

The Rumanian official statement which declared that the people of Budapest "greeted Rumanian forces with enthusiasm" fails to agree with dispatches to Berlin newspapers which say the approach of the Rumanians caused terror in the city. The National Zeitung quotes the Hungarian legation at Vienna to the effect that the Rumanians are plundering Budapest suburbs, where they are quartered. Joseph Haubrich, Hungarian minister of war, is reported to have notified the Rumanian commander that he cannot guarantee the maintenance of order in the city if vandalism by the Rumanian soldiers continues.

ROMANIAN TROOPS STARTED PLUNDERING

Fifteen or Twenty Civilians Are Reported Killed on the First Day They Entered the City of Budapest

Paris, Aug. 5.—Telegrams from American officials at Budapest state that Rumanian troops upon entering Budapest yesterday started plundering in the suburbs. Fifteen or twenty civilians were killed by the Rumanians during the day, it is added.

The American reports said the Rumanians were demanding hostages and threatened to kill five hostages for each Rumanian soldier injured in Budapest.

Some members of the new Hungarian ministry, the telegrams state, have been arrested by the Rumanians, who have mounted machine guns in various parts of the city and demolished the local police. The city is absolutely under military control.

ONLY OFFICERS IN CITY.

Says Report from Budapest Concerning Rumanian Occupation.

Budapest, Monday, Aug. 4 (By the Associated Press).—One regiment of Rumanian cavalry is quartered in Kohnanya, a suburb three miles from the center of the city and overlooking it. Only Rumanian officers are actually inside the city proper. General Burrows, the Rumanian commander, and staff are guests of Lieut. Col. Romanelli, chief of the Italian mission here.

The latter has prevented the occupation of Budapest hitherto by representing to the Rumanians that such action would have a depressing political effect for the new cabinet. The Rumanians sent a message last night that they would occupy the city or bombard it, but later entered into a parley with Joseph Haubrich, Hungarian minister of war, and agreed to postpone action. The city is quiet.

The people of the village of Hartford have had for some little time a Sunday night community service in Damon hall. Rev. E. L. Thornton of White River Junction spoke at this service last Sunday evening to a large audience. It is a service in which the whole community joins. The first part of the program is devoted to singing by the audience led by an orchestra, after the singing of four or five pieces the audience joins in a responsive service, then more singing, then an offering to help defray expenses, after that an address, then moving pictures of a high order, pictures that are not only entertaining but instructive. Hartford has certainly gotten hold of the right kind of a service for Sunday night and for a community uplift. The people come for five miles away from the village.

HARD FEELING DEVELOPED

Between Great Britain and the Argentine Republic

DUE TO PURCHASE OF GERMAN SHIP

Return of National Representatives Was Said to Be Due to That

Buenos Aires, Aug. 4.—Diplomatic relations between Great Britain and Argentina, as a result of the purchase by Argentina of the German steamship Bahia Blanca, are delicate, according to La Nacion. In to-morrow's edition, the newspaper will say:

"Regarding rumors which from the beginning have been founded on more than supposition, we have received versions the gravity of which are self-evident, and according to which the return to London of Sir Reginald Tower, British minister to Argentina, and the departure of Francisco Alvarez de Toledo, Argentine minister to England, from London are not disconnected. On the contrary, it appears the retirement of both ministers is traceable to the purchase by Argentina of the steamer Bahia Blanca from the Germans, which purchase the British government refused to recognize."

"Following this refusal, Argentina attempted to solve the difficulty by appointing as minister to London, Senor Toledo, who, as minister of marine, handled the negotiations for the purchase of the ship. He presented his credentials to the British foreign office some time ago but a considerable period has elapsed without King George receiving him. It is reported there is no probability of his reception in the near future. It appears this might have been expected, as the British government never stated that Senor Toledo was persona grata. It will be remembered the Argentine government has waited a long time for a response to its inquiry as to the purchase of the Bahia Blanca, and there now appears reasons for believing that Sir Reginald's favorable intimations relative to the deal were solely his personal impressions."

Another newspaper, Las Noticias, in commenting on the situation, says: "Sir Reginald Tower is being recalled, and Senor Toledo is returning because King George has not received him."

"The occasion for the present situation," it adds, "is the refusal of the British government to recognize the purchase of the Bahia Blanca but the real cause underlying the crisis is the Argentine government's hostile attitude toward British capital invested in Argentina."

Before Senor Toledo sailed for London it was announced he would go on the Bahia Blanca. A day or two later, however, a British cruiser took up a position off the river Plate. Senor Toledo subsequently went to London on a regular liner.

According to a current version of the matter, an effort is being made to enlist the aid of the United States in settling the question of the purchase of the Bahia Blanca, for which Argentina paid 7,000,000 pesos, the deal being made through the Swedish government. It is said this was one reason that Thomas A. Leffler, Argentine minister to the United States, went to Europe early this year. According to reports, he and Marcello De Alvear, Argentine minister to France, failed in their efforts to help Senor Toledo to solve the difficulty.

GOING TO LONDON FOR REST.

British Minister Tower Denies Imminence of Ruptured Relations

Buenos Aires, Aug. 4.—Sir Reginald Tower, British minister to Argentina, denies rumors relative to his return to London, which is said to indicate imminence of a rupture of relations between Great Britain and this country. He declares he is going to London merely for a rest.

CRIMINAL ACTION BROUGHT

In Addition to Being Sued, John B. Dunton of Brattleboro is Arrested.

Brattleboro, Aug. 5.—John B. Dunton, proprietor of a second-hand furniture store on Flat street, who was sued by his daughter, Miss Carrie Dunton, Saturday for damages of \$10,000 for alleged ill treatment and imprisonment, was brought into the municipal court by Sheriff Frank L. Wellman yesterday on a warrant issued by State's Attorney E. W. Gibson charging him with a breach of the peace. The complaint sets up mistreatment of his daughter, Miss Carrie Dunton, on July 18.

An interesting development in the civil suit brought by the daughter took place yesterday morning, notice being served on the defendant's counsel that the suit brought Saturday, when Mr. Dunton's real estate and personal property and his deposits in the Vermont National bank and Vermont Savings bank were attached and his store closed, had been discontinued.

It is understood that this was done because of information by the defendant's attorney that he would bring a suit for illegal process. Another action was brought, however, which is the same as the other with the exception that the defendant's real estate and personal property are attached by copy and his deposits are not attached, and that he has been given a key to his store and allowed to carry on his business provided he does not allow the stock of goods to be depleted.

The defense contends that the action against Mr. Dunton is the outgrowth of a family rumple.
